E D U C A T I O N

BTECH
Computer Science and Engineering
Haldia Institute of Technology
2020-2024

CBSE XII – 93.6%
DAV Public School Haldia-2020

CBSE X – 95.2%
ST. Xavier's High School Haldia-2018

SKILLS

- Java
- Kotlin
- XML
- Retrofit
- Javascript
- Node
- Express
- MongoDB
- Flutter
- Firebase

EXPERIENCE

THREENOTFIVE VENTURES PVT LTD (Contri App) | Android Freelance
May 2023 - June 2023 | Remote

- Successfully developed a Flutter app from scratch, utilizing the Flutter BLOC Architecture. Throughout the development process, I ensured comprehensive coverage of test cases and edge cases.

Applex Technologies PVT LTD (Utsav App) | Android Intern
March 2022 - September 2022 | Remote

- Worked on a Social Media App with **10K+** Downloads
- Worked with **Rest APIs, Kotlin, MVVM Architecture, Coroutines, Paging 3, Retrofit, Analytics, Dagger 2**
- Implemented a **Contact access feature** and a **Blogs section** where people can like comment on their blogs.
- Fixed many bugs in their Admin App.

PROJECTS

SHOPAPP (Android App)

- An Ecommerce app based on MVVM (**ViewModel, Coroutines, LiveData, Datastore Manager, Repository, Dagger2, Paging 3**) architecture.
- User Session stored with help of **Datastore manager**
- Add to Cart, View Orders, Track Orders Implemented
- Integrated **Razorpay** payments for **Online Transactions**
- Built an admin panel where admin can add new products and trigger status of an order and track stats.
- **Search** implemented where user can search for new products
- **Push notifications** integrated with **Firebase Cloud Messaging**
- **Notifications** will be shown to user whenever admin changes status of order
